BYOD

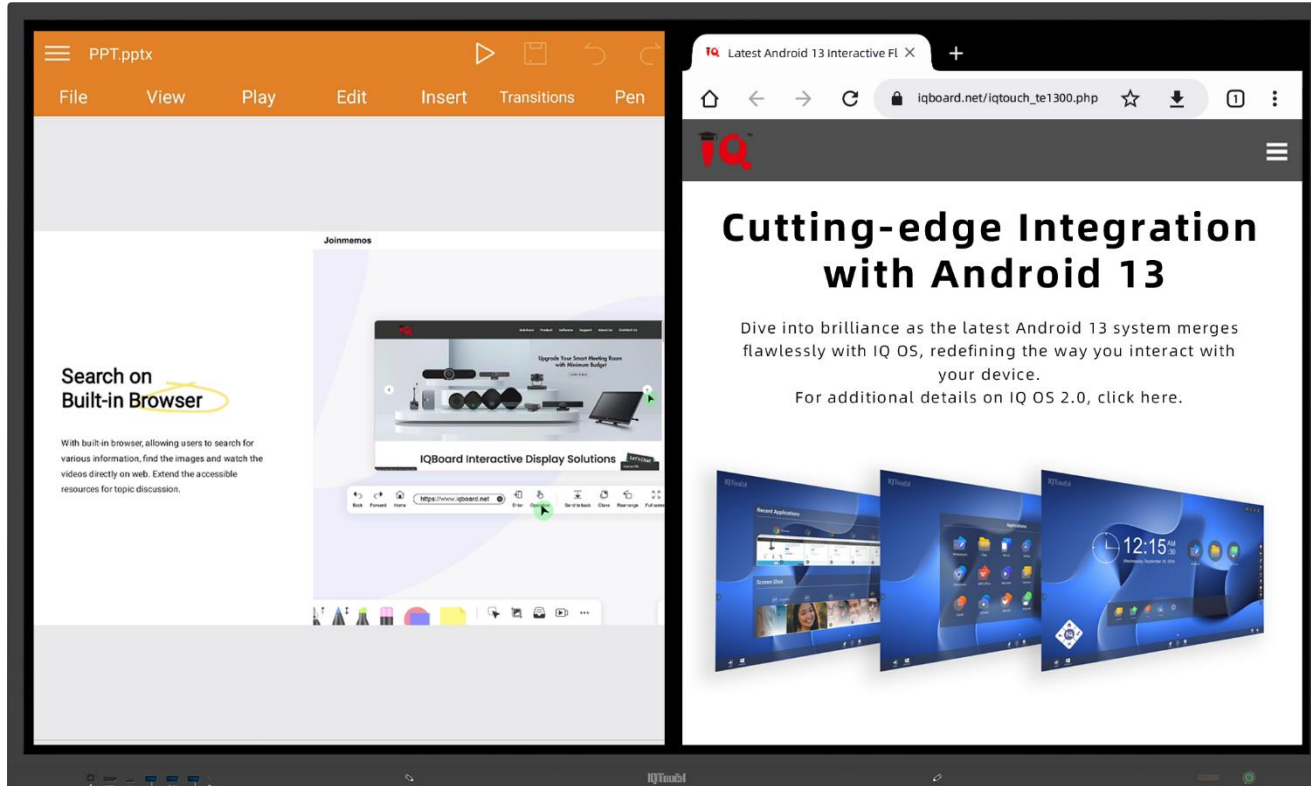

Smart Pen Integration

Cutting-edge Integration with Android 13

Dive into brilliance as the latest Android 13 system merges flawlessly with IQ OS, redefining the way you interact with your device.

Split-Screen Efficiency

Boost productivity with seamless split-screen usage of two apps without the need for constant app switching.

Smart Pen Integration

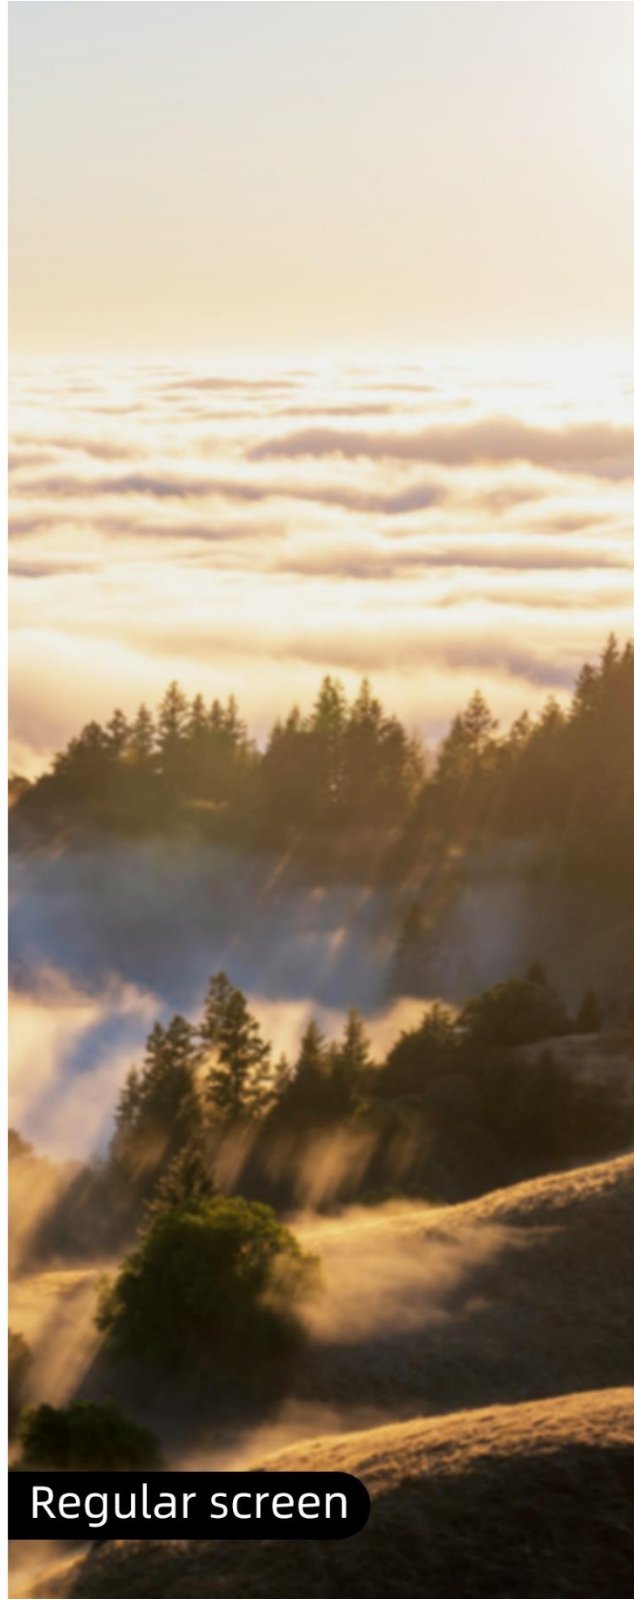

Supercharge your creativity on Android with IQ SmartPen SP200 - effortlessly switch between note-taking, PPT presentations, and more amazing functions. Enjoy instant feedback, and customize your experience for seamless, personalized productivity.

*Standard Accessories of IQTouch TE1300 include IQ SmartPen SP200.

4K UHD screen

Regular screen

Vivid 4K Visuals

Immerse yourself in stunning visuals on the 4K UHD display with vibrant colors, high contrast, and 80%+ NTSC range.

Ambient light sensor - Auto adjust brightness

The ambient light sensor ensures automatic brightness adjustment for optimal clarity and eye comfort.

Effortless Writing Precision

Experience instant, high-precision writing with Infrared Ultra Fine (IUF) technology. Compatible with Windows Ink, effortlessly capture and share ideas directly on MS Office documents.

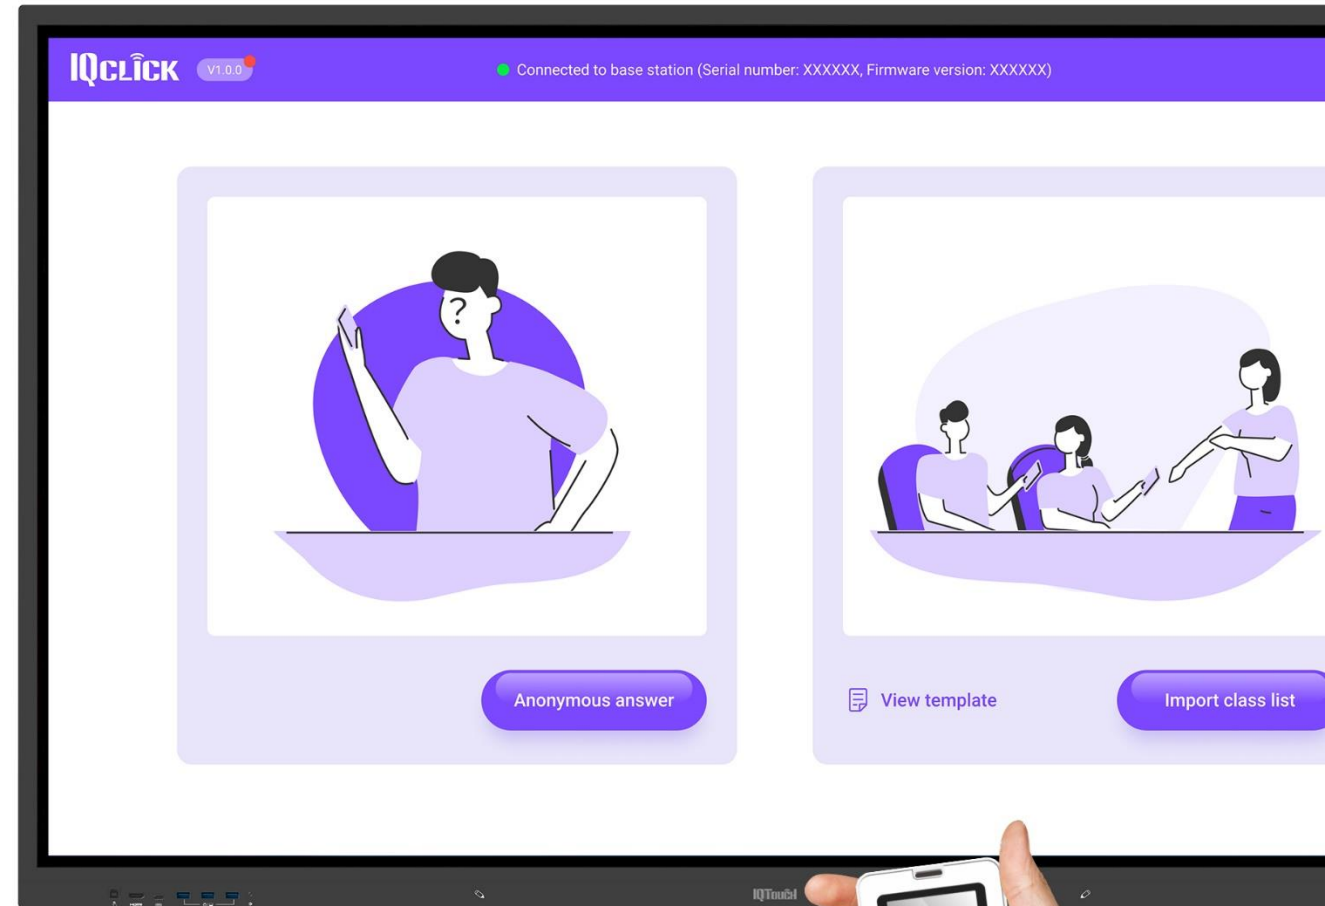

20-point touch

20-point writing

Amplifying Interactions Across Every Setting

Level up your experience with the pre-installed IQClick APP, the premier response partner! Launch quizzes on any app, students respond with keypads, and export real-time data effortlessly with QR codes for streamlined classroom insights.

Type-C Touch Mastery

Full-function USB Type-C enables reverse touch control on your laptop. Seamlessly project and control your device from the panel, enhancing presentations and interactivity.

Dynamic BYOD Presentations

The incredible screen-sharing feature! Harness your workspace's potential with BYOD freedom, enhancing presentations for limitless interactive control.

Share multiple mobile devices to the large screen with up to 9-split screen.

Allow the remote colleagues to cast their personal files by web browser.

Group share the same content to multiple displays in one meeting room.

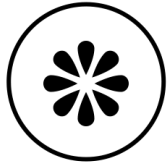

Device Control Simplified with IQ MDM

Your remote control hub for swift batch operations, real-time monitoring, and seamless file transfers. Empower your devices with unparalleled ease!
